

# 2008 Spring Meeting of the BSCB and BSDB

[www.bscb.org](http://www.bscb.org)

March 31st-April 3rd 2008

University of Warwick Conference Centre  
see Society websites for details and  
registration

[www.bsdb.org](http://www.bsdb.org)

Amanda Fisher

Siegfried Hekimi

W.H. Irwin McLean

Mick Tuite

Phil Beales

Keith Gull

Takashi Toda

Pierre Coulombe

Donald Ingber

Laura Machesky

Michael Sheetz

Richard Treisman

Ana Maria Cuervo

Chris Dobson

Rick Morimoto

David Rubinsztein

Elizabeth Craig

Sandrine Humbert

David Ron

Miguel Seabra

## BSCB TOPICS

Modulation of genetic traits  
Biogenesis and specialization  
of the cytoskeleton  
Signalling, the cytoskeleton  
and mechanotransduction  
Cellular responses to  
protein misfolding  
Control and regulation of  
intracellular traffic

Alejandro Sanchez Alvarado

## BSDB TOPICS

Quantitative Analysis and  
interpretation of  
development signals  
Gene networks and control of  
gene expression  
Regeneration and  
repair  
Cell fusion in  
development  
From neuronal identity  
to circuit formation

Alfonso Martinez Arias

Naama Barkai

Sally Lowell

Jim Smith

Greg Elgar

Eileen Furlong

Susan Mango

Peter Rigby

Margaret Buckingham

Vassilis Pachnis

Ben Scheres

Masaru Okabe

Benjamin Podbilewicz

Renate Renkawitz-Pohl

Karl Swann

Martyn Goulding

Bill Harris

Stefan Thor

Siew-Lan Ang

Plenary lectures by

**Lenny Guarente and Sean Carroll**

Programme includes poster and workshop sessions

ABSTRACT SUBMISSION DEADLINE 15th January 2008

Bursaries for Society Members available - deadline 31st December 2007
